

# **SPRING BRANCH-MEMORIAL SPORTS ASSOCIATION**

## **2003 SEASON**

**FLAG & TACKLE FOOTBALL  
Regular Season Program**

**\$5.00**

**Parents, Players, Coaches and Friends -**

**Welcome to another fall of football. It is hard to believe that it is that time again. Our program continues to grow with over one thousand players on 58 teams. My first year to coach in the SBMSA, 1995, we had only four freshman tackle teams, eight JV, and six Varsity. This year we have ten, fourteen and ten, respectively. We have a record number of players from outside of the SBISD and our kids come from over thirty different schools.**

**We strive to provide a program that offers both competitiveness and equity. With so many kids from such a large and diverse area this is not always easy and some times our policies cause disappointments and inconveniences for some. We try to be uniform in these policies and I think it is generally understood that our positions are intended for the overall strength of the program.**

**SBMSA Football has been blessed with committed, talented and tireless volunteers who serve in many capacities from setting up registration and tryouts, maintaining our fields and facilities, coordinating team pictures, putting together Opening Day, and a score of smaller duties that all contribute to things running fairly smoothly. These folks have put their love of football and youth athletics into actions and we owe them our thanks.**

**The Commissioners put in countless hours before the season starts finding coaches, forming teams and draft pools, and putting the schedules together. Their decisions and actions are based on an understanding of our mission that comes from several years in our program, Football Board meetings and discussions with Mike Rupe and me. They have a tough job and let's remember that they are not being paid.**

**Alan Keel has taken over the Flag program from Jeff Vocannon who will be coaching a Varsity tackle team this fall. Flag football offers an alternative to tackle football and most of our players started there. Some of our most exciting games have been in Flag and I want to thank both Jeff and Alan for serving as shepherd for this important part of our program.**

**The most important cog in our machinery is our coaches. It is a huge responsibility to step up and be the head coach of a football team. The job description is a page long and then you have to develop an offense and a defense and teach football skills to many kids that have not put a helmet on before. Then, you have to worry about wins and losses. Everyone can't play in Tully for the championship and I hope we will not grade our coaches strictly by win/loss records. The best youth coaches grade themselves based on how many of their players want to play their sport again the next season.**

**With the continued growth of the program, one of my biggest concerns is finding coaches willing to take a team. We could have gone to 16 JV teams this year, but we did not have coaches for those teams. Some of you reading this have the ability to have a very positive impact on twenty or so young men and I urge you jump off that cliff. This will be my 8th season and the rewards so outweigh the hassles that I can't imagine a fall without it.**

**Finally, a personal thanks to my family for supporting me in pursuit of my passion, and thank you Mike Rupe for sharing it with me.**

**Good luck to all this fall. Let's thank our lucky stars for Texas football.**
