SBMSA Football Mission Statement

“To provide an opportunity for our neighborhood youth to participate in a sports environment that allows for their growth and development in a safe, fair, positive and competitive league, with emphasis on the importance of building character, sportsmanship, and team unity in order to obtain the goals of champions.”

History of the Sports Association

In the spring of 1960 a few local fathers from the Spring Branch area started a baseball league composed of six baseball teams of 11 and 12 year old boys. The purpose was to start a program not affiliated with any national organization in order to not have to conform to national rules. The group wanted from the beginning to be able to tailor the program and modify the rules to meet the needs of the youngsters in Spring Branch. In May 1961 the organization filed for their charter with the State of Texas, thus beginning the Spring Branch-Memorial Sports Association. A board of directors was elected with S.L. Hidemann as the first president, A.W. Zajcek vice president, C.E. Frost secretary and Foster Moore treasurer. Other directors were J.C. Trotter, Bill Poarch, Pete Phillips, Bill Manning, John Holloway and Irvin Andrews. Holloway is still the ex officio member of the present Board of Directors.

In 1963 the Girls' Softball program was inaugurated and Mrs. Gladys Chaney was the first commissioner of the girls' program. In 1964 other younger age groups were added to the boys' baseball program. At that time within the youngest age group there was a group that preferred to play tee ball and a group that wished to play regular baseball. Since there were no national rules to conform to, the Association was able to provide for both.

In 1965 the Sports Association had enough participants to divide into two levels of play designated as American and National Leagues. The purpose of this was to group boys according to ability and give more of them an opportunity to compete at their own level. At this time the program had grown to 200 teams necessitating the programs to be divided into five different geographical areas. Playing fields were located on private property donated by Pacific Valve, Capital Steel and Wyatt Industries, with a fourth complex added at Swipe Industries in 1968 until moving to SBISD property in the late 1960's.

After experimenting with different size fields and rule variations in the baseball program a group of 11 and 12 year old boys demonstrated a game under our rules at the Boys' Baseball Division World Series held in Kingsville in 1967. As a result of this, the rules including 70 foot base paths, a 48 foot pitching distance and allowable lead-offs and steals were adopted by this national organization in 1968 for all their leagues. This organization, now changed to PONY (Protect Our Nation's Youth), also uses the Sports Association's principle of changing the sizes of the playing fields in both baseball and softball to adjust to the physical potential and limitations of participants, leaving the rules of the game alone as much as possible. The Sports Association baseball program has five different sizes of playing field and pitching distances, each changing every two years with the growth of the players.

Beginning in 1968, the Sports Association acquired Pony and Colt franchises (ages 13-16) to begin the Senior Baseball program. Also inherited were the existing lighted Pony Field at Spring Branch High School and an agreement with the school district to use existing high school fields. Since that time the Association has lighted in order the high school fields at Westchester High, Spring Woods High, Memorial High, and finally both Stratford and Northbrook High School fields in 1975.

In 1969 two Junior Baseball lighted fields were constructed at Spring Forest Junior High followed in 1972 by fields at Memorial Junior High, Spring Woods Junior High and Spring Branch Elementary (softball). In 1973 the Landrum Junior High complex was built (since deactivated), a second complex added at Memorial Junior High and a single field added at Spring Forest Junior High. These new game facilities built on school sites were for replacement of fields lost from private property as well as to accommodate the rapid growth of the entire program. Two additional softball fields were built at Spring Branch Elementary in 1975 with the

fifth added in 1976 to complete new lighted field construction insofar as Sports Association programs are concerned. During this same time period the Association also used four city park fields for the baseball, softball, and football programs. The Association has also erected about thirty practice backstops on school property. A current count of Sports Association facilities reveals 21 lighted fields and 8 daylight fields, used for baseball and softball in the spring and summer and for football, Boys' Soccer and Girls' Soccer in the fall.

In 1965 the football program was added as a fall sport. In the early days boys played for their respective schools. Freshman was 3rd and 4th grade, JV was 5th and 6th and Varsity was for those boys that did not make the JV weight. In 1969 there was no "ball carrier" weight limit and the upper weight limit was 85#. Compare that with today's weight limits for 6th graders which are 110 pounds to carry the ball and 185 pounds as the upper limit. Each elementary school in the district had an 'A' and a 'B' team for each age group and, for some schools, a second 'B' team was required. In 1972 there were 109 teams playing tackle football in SBMSA.

The championship games were played at Tully stadium. All players were tasked with selling tickets to these games and proceeds were used to fund college scholarships that were awarded to SBISD athletes. The championships were called the Scholarship Bowl. The boys from each age group that sold the most tickets were awarded a new football for their efforts.

As the area matured, demographics changed and the number of school-aged children decreased, participation steadily dropped off. In 1989 a flag football division was started which doubled its numbers the following year. In 1995 tackle football had four freshman teams, 8 JV teams and 6 Varsity teams. The following year football went to a draft as a means of ensuring that each team had a better chance to compete. In 2001 football moved the Varsity program to full-sized fields and spent monies to improve the fields at Spring Woods and Memorial middle schools where Varsity games are played on the weekends only. The football program also improved and irrigated the practice fields at other SBISD middle schools.

The flag program, the draft, and the rejuvenation of our neighborhoods have led to a steady increase in football participants. In 2005 there were 30 flag teams, 12 Freshman, 18 JV, and 12 Varsity – 72 teams and over 1,200 kids participating in SBMSA football.

In 1977 a soccer program was added to the Association. This program was very popular and it has grown rapidly.

In the fall of 1990 a basketball program was added using the school district gymnasiums for playing facilities. Thirty-eight boys' teams competed this first year with a girls' program added the next year.

HAVE YOU EVER WONDERED JUST WHAT THE PROGRAM DIRECTORS DO?

- Directors appoint commissioners to help with the program.
- Directors check to see that commissioner are doing their job, and if not, attempt to cover for them.
- Directors counsel with the commissioners and coaches having problems.
- Directors encourage new participants in the administration of our program.
- The Directors job is year round.
- Directors catch a lot of flack!
- Directors decide on policies and directions that SBMSA will take.
- Directors teach others about policies of the SBMSA.
- Directors propose and approve a financial budget.
- Directors catch a lot of flack!
- Directors listen to complaints of commissioner, coaches, parents, players and game officials (and other Directors).
- Directors catch a lot of flack!
- Directors praise those who do good work so they will continue helping.
- Directors spend time with all interested in coaching or being a commissioner (never know when you'll find the next director so you can quit).
- Directors set up coaching clinics.
- Directors catch a lot of flack!
- Directors set up coaches meetings.
- Directors worry when someone quits playing -
- Directors secure bids and order uniforms, balls, field equipment, etc.
- Directors catch a lot of flack!
- Directors line up gym coordinators, grass movers, field preparation laborers, (being careful not to kill weeds, grass or ants on school property).
- Directors investigate sticky problems.
- Directors catch a lot of flack!
- Directors manage difficult-to-handle people.
- Directors sit through long meetings.
- Directors must be model coaches, commissioners and citizens.
- Directors catch a lot of flack!
- Directors hear appeals of parents including, but not limited to:
 - “Susie has to play with Mary”
 - “Johnny cannot play with Jimmy, or on Mr. Jones’ team”
 - “My son/daughter cannot practice or play at X school on any day _____ ending in day”
 - “Don’t like _____ (fill in blank) team, team name, coach, schedule, practice location, practice times, game field, uniform style/color, birthday cutoff, all Sat. games, no Sat. games, all late games, no late games, photographer, picture time or day, weight limits are too light, weight limits too heavy, parking, all star team selection, fund raisers, trophies or who received them.
- But most of all, “Don’t ask us to help in any of the above areas.”

- Directors try to counsel those new commissioners and suggest that there are better ways to do things so they don't have to re-invent the wheel. Although, they seldom listen and re-invent the wheel daily.
- Directors pick up trash, taking care not to kill any ants.
- Directors spend hours on the phone.
- Directors need a
- Directors catch a lot of flack!
- Directors spend hours wringing their hands over the weather forecast.
- Directors collect and/or attempt to collect all equipment, uniforms, rosters, missing registrations and missing money.
- Directors oversee major construction and re-lighting projects.
- Directors write answers to letters from discontented parents/citizens.
- Directors catch a lot of flack!
- Directors schedule team pictures times.
- Directors sort and distribute uniforms.
- Directors try to put out the biggest and nearest fire before going to the next problem.
- Directors work for a living during the season, wondering if they'll ever see the bottom of their desk again.
- Director's salary is doubled every year they return. Somehow is it still \$0
- Directors try to find someone to take their place ASAP.
- Directors catch a lot of flack for leaving the program to someone else!
- Directors thank their lucky stars for all of the volunteers that make all of the above worth while.

What if

exceptional pediatric hospital care was just
a short drive away?

**Children's Memorial Hermann Memorial City opens 2009
in the new Memorial Hermann Tower.**

At Memorial Hermann, we never stop asking what if. Constantly asking what if is why we were the first in Houston to create a city-wide network of hospital-based children's services. Starting in 2009, more families in the Memorial area will have greater access to top-level pediatric care. This highly regarded care comes from our partnership with The University of Texas Medical School at Houston. We are UT Houston's primary teaching hospital for

pediatrics and obstetrics/gynecology. Our Children's Transport Team is in place to provide specialized emergency pediatric and neonatal ground and helicopter services. A full time Child Life specialist is available to make the hospital experience less scary for children and their families. Outstanding pediatric and neonatal care is now closer to home. It's just another example of how Memorial Hermann makes breakthroughs - every day.

For a referral to a pediatrician on staff or to learn more, call 713.222.CARE. And while supplies last, you can receive a free immunization booklet and a storybook featuring 'Topper and the Houston Rockets' Clutch.
