F O O T B A L L

MISSION STATEMENT

To provide Spring Branch-Memorial community youth with facilities and the opportunity to grow in character through sports in a safe, positive and competitive environment.

Parents, Players, Fans, and Friends of SBMSA Football,

Welcome to the 2022 Football Season and thank you for your participation and support of SBMSA Football. There is a lot of excitement and anticipation surrounding this season. Our program has flourished the last several years due to the dedication and hard work of the Football Board, Coaches, and Parents making SBMSA one of the top Organizations in the Nation.

This Fall we have over 1,660 players participating in Flag, 7on7, & Tackle on a total of 124 Teams (16 Freshman Flag, 46 JV Flag, 24 JV 7on7, 8 Varsity 7on7, 14 JV Tackle, & 16 Varsity Tackle). Combined these teams will play a total of 496 Regular Season Games. This season requires 124 sets of Head and Assistant Coaches (along with their coaching staffs) to take on the huge responsibility of managing their respective teams. There is a total of 57 SBMSA Football Board Members working long hours to pull the whole thing together – all of them volunteers with real jobs and I cannot possibly express my gratitude to all.

I hope you agree with me that we are so fortunate that our children have the opportunity to play this wonderful game that teaches valuable life lessons needed to become successful adults. Perseverance, respect, discipline, courage, leadership, honor, self-esteem, teamwork, and commitment to something bigger than yourself – all of these are learned and achieved through the stress and strife of a football season.

SBMSA is a competitive league, and this is certainly an important reason for our success. Equally important to this league is sportsmanship, and the opportunity for every player to develop and learn. This opportunity is not limited to games, as we practice at least twice as often. The ability to embrace both the drive to win and the developmental aspect of individual players, and the desire to find a workable balance by our parents and coaches, is part of what sets SBMSA Football apart.

We are also most fortunate to have the full support of the SBISD Executive Director of Athletics Paige Hershey and the SBISD Athletics Department. One of the many benefits of the SBISD & SBMSA Partnership is that we are able to use School District Property to hold practices and play games. Coach Hershey shares our goals and views on the values athletics provides youth.

As a volunteer organization we are only as good as our volunteers. Please join me in thanking our coaches, board members, team moms, and many “friends of the program” who will be working hard this fall to make this the best season yet.

Have a fantastic season!

Chris Thompson

Chris Thompson

History of the Sports Association

In the spring of 1960, a few local fathers from the Spring Branch area started a baseball league composed of six baseball teams of 11- and 12-year-old boys. The purpose was to start a program not affiliated with any national organization in order to not have to conform to national rules. The group wanted from the beginning to be able to tailor the program and modify the rules to meet the needs of the youngsters in Spring Branch. In May 1961, the organization filed for their charter with the State of Texas, thus beginning the Spring Branch-Memorial Sports Association. A board of directors was elected with S.L. Hidemann as the first president, A.W. Zajcek vice president, C.E. Frost secretary and Foster Moore treasurer. Other directors were J.C. Trotter, Bill Poarch, Pete Phillips, Bill Manning, John Holloway and Irvin Andrews. Moore and Holloway are still ex officio member of the present Board of Directors.

In 1963 the Girls' Softball program was inaugurated and Mrs. Gladys Chaney was the first commissioner of the girls' program. In 1964 other younger age groups were added to the boys' baseball program. At that time within the youngest age group there was a group that preferred to play tee ball and a group that wished to play regular baseball. Since there were no national rules to conform to, the Association was able to provide for both.

In 1965 the Sports Association had enough participants to divide into two levels of play designated as American and National Leagues. The purpose of this was to group boys according to ability and give more of them an opportunity to compete at their own level. At this time the program had grown to 200 teams necessitating the programs to be divided into five different geographical areas. Playing field were located on private property donated by Pacific Valve, Capital Steel and Wyatt Industries, with a fourth complex added at Swipe Industries in 1968. In 1965 the football program was also added as a fall sport.

After experimenting with different size fields and rule variations in the baseball program a group of 11- and 12-year-old boys demonstrated a game under our rules at the Boys' Baseball Division World Series held in Kingsville in 1967. As a result of this, the rules including 70 foot base paths, a 48-foot pitching distance and allowable leadoffs and steals were adopted by this national organization in 1968 for all their leagues. This organization, now changed to PONY (Protect Our Nation's Youth), also uses the Sports Association's principle of changing the sizes of the playing fields in both baseball and softball to adjust to the physical potential and limitations of participants, leaving the rules of the game alone as much as possible. The Sports Association baseball program has five different sizes of playing field and pitching distances, each changing every two years with the growth of the players.

Beginning in 1968, the Sports Association acquired Pony and Colt franchises (ages 13-16) to begin the Senior Baseball program. Also inherited were the existing lighted Pony Field at Spring Branch High School and an agreement with the school district to use existing high school fields. Since that time the Association has lighted in order the high school fields at Westchester High, Spring Woods High, Memorial High, and finally both Stratford and Northbrook High School fields in 1975.

In 1969 two Junior Baseball lighted fields were constructed at Spring Forest Junior High

followed in 1972 by fields at Memorial Junior High, Spring Woods Junior High and Spring Branch Elementary (softball). In 1973 the Landrum Junior High complex was built (since deactivated), a second complex added at Memorial Junior High and a single field added at Spring Forest Junior High. These new game facilities built on school sites were for replacement of fields lost from private property as well as to accommodate the rapid growth of the entire program. Two additional softball fields were built at Spring Branch Elementary in 1975 with the fifth added in 1976 to complete new lighted field construction insofar as Sports Association programs are concerned. During this same time period the Association also used four city park fields for the baseball, softball, and football programs. The Association has also erected about thirty practice backstops on school property. A current count of Sports Association facilities reveals 19 lighted fields and 14 daylight fields, used for baseball and softball in the spring and summer and for football, Boys' Soccer and Girls' Soccer in the fall.

In 1977 a soccer program was added to the Association. Two years later it split into the current Boys' Soccer and Girls' Soccer programs. These programs were very popular and have grown rapidly.

In 1989 a flag football division was started in the football program and by the 1990 season had doubled in size from the previous year.

In 1990 the Girls' Softball program added an Instructional League for 5- and 6-year-olds, the purpose being to teach these youngsters the correct fundamentals of throwing, batting, fielding, etc. before they acquire bad habits. The program is held on Saturdays at the girls' softball complex.

In the fall of 1990, a basketball program was added using the school district gymnasiums for playing facilities. Thirty-eight teams competed this first year with plans already in place for a girls' program for 1991.

For the 1991 season the youngest group of baseball players was divided into two age groups, 5-6 and 7-8.

2022 SBMSA Football Board of Directors
