Welcome,

The Spring Branch Memorial Sports Association Football Program takes great pride in presenting its 16th annual Scholarship Bowl Program.

In 1959 the Sports Association was created, to provide youth sports for the children living in the Spring Branch Independent School District, and through the years it has grown to be the largest independent sports association in the United States.

Our 1981 football program had 62 teams composed of over 1000 boys. The entire program is run by volunteer officers, coaches, and parents who strive to provide an educational sports experience for the youth of our community.

The Scholarship Bowl is an element of our community service. It provides the show case for this year's football achievements and serves as our vehicle for raising the funds to provide a \$1,000 college scholarship for a deserving student at each of the six Spring Branch High Schools each year. Last year, thru corporate donations and ticket sales, the Football Program was privileged to award \$18,000 in scholarships. We would like to thank each of you who made this possible.

I hope that you enjoy our Scholarship Bowl games today, and continue to lend your support to our program.
